TEACHER NOTES: PLEASE READ

- Most teachers/classrooms are testing over a 4 week period.
- Each teacher/classroom will take the assigned test only on that day.
- Each Cart/computer Lab is assigned to the teacher for the entire day. Please let Mrs. Willers know if you need more time to complete a test!
- **Cart 4 will be the roving Computer Lab on Mondays ONLY! If you have computer lab Tuesday through Friday, Computer Lab will be set up in the Music Room (D2).**
- This schedule should not interfere with Library, PE, and Computer Lab, Recess/Lunch, and Music times.
- 5th Grade Science CST 5/5 and 5/6 makeups
- Keith will float from regular computer lab to carts to provide assistance. There will be a certificated sub for Keith that will provide Comp Lab Prep in his place only in the morning time (2 hours). The sub will come to the teacher's classroom on Mondays and will be located in D2 Tuesday through Friday to provide your prep.
- *Classroom Activities for ELA and Math MUST done in class before the PT occurs, but not more than 3 days in advance of PT test. Teacher responsible to make sure this is done. The classroom activity master lesson has been copied for you by the District; 1 per teacher for ELA and 1 for Math. These will be placed in boxes the week of April 18. Keep them with your CAASPP folder so they don't get lost.
- MAKE-UPS will be in E6: Schedule will come as needed
- **No trading of testing time slots; this testing schedule has too many moving parts that would have to be adjusted. We will provide feedback to the DO and adjust for next year based on this year's administration.**
- Students have 45 calendar days to back into a CAT test to complete it. They have 10 calendar days to go back into a PT test to complete it. (not school days)
- SNACKS DURING TESTING DAYS ARE ONLY ALLOWED DURING RECESS TIME. NO WATER BOTTLES AND/OR SNACKS IN THE COMPUTER LAB OR NEAR THE COMPUTER CARTS.
- Any questions, please see/email Mrs. Willers or Mrs. Hudec
